

## 2026 ADFM Annual Conference Handout

### Conference Partners:

#### Geisinger

Tammy Bonawitz; [tlbonawitz@geisinger.edu](mailto:tlbonawitz@geisinger.edu)  
<https://jobs.geisinger.org/community-medicine>  
[Community Medicine Careers at Geisinger](#)

##### Description of Organization:

Geisinger is a non-profit integrated health services organization based in Danville, Pennsylvania, that primarily serves central, south-central, and northeastern Pennsylvania. Geisinger is comprised of 10 hospitals, a robust health plan, and innovative community-focused programs—all united under the mission of “making better health easier.”

We also offer more than 30 ACGME-accredited residency programs, including our Kistler Family Medicine Residency Program in Wilkes-Barre:

ACGME-accredited, 3-year residency based at Geisinger South Wilkes-Barre, with rotations at Wyoming Valley Medical Center. Launched in 2007, this program honors family physician David Kistler and trains residents to thrive in community-based family medicine. Hands-on, unopposed inpatient care: residents admit and manage adult patients, build continuity panels, and follow patients across hospital, clinic, and nursing home settings.

##### Description of Product or Service:

Geisinger Physician Recruitment would like to attend to recruit for the Core Faculty position at the Geisinger Kistler Family Medicine Residency Program. We will share information to connect with experienced, board-certified Family Medicine physicians who are passionate about shaping the future of primary care. This includes highlighting our ACGME-accredited, three-year program, which offers a virtually unopposed inpatient experience, diverse curriculum, and resident autonomy in patient management. I emphasize the collaborative environment, opportunities for teaching, mentoring, curriculum development, and leadership within the program. The information will also include details about compensation, recruitment incentives, and benefits, and professional growth pathways. I also showcase the advantages of living in Northeast PA, including affordable housing, vibrant communities, outdoor recreation, and proximity to major cities.

# SonoSim

Logan Killion; [logan@sonosim.com](mailto:logan@sonosim.com)  
[sonosim.com](http://sonosim.com)

Description of Organization:

SonoSim, Inc., a global leader in ultrasound education and training, provides the easiest way to learn and teach ultrasonography. Its patented ecosystem of training tools supports academic programs in guiding residents to competency & mastery. More than 2,000 medical institutions and 120,000 learners worldwide use SonoSim to advance ultrasound education.

Through a proven blend of content, tools, and resources, SonoSim helps programs overcome barriers to ultrasound training. With 85+ online courses, 1,000+ virtual patient scanning cases featuring real pathology, & comprehensive knowledge assessments, educators can seamlessly integrate ultrasound into any curriculum. Learners benefit from study tools like QuestionBank and a mobile app, while educators track progress and provide feedback through Performance Tracker.

Finally, assess learners' medical decision-making with SonoSim LiveScan. Create custom scenarios and adjust patient symptoms in real time using any manikin or live volunteer

Description of Product or Service:

At the conference, we will be representing the SonoSim ecosystem, including the member dashboard that is use for learning, teaching, and tracking learner progress. We're also going to be showing the SonoSimulator, which is our computer-based ultrasound training simulator. This allows learns the opportunity to scan real patient cases from their computer in a simulated environment.

# University of Indiana

Eric Kimes; [ekimes@iu.edu](mailto:ekimes@iu.edu)  
[medicine.iu.edu/family-medicine](http://medicine.iu.edu/family-medicine)

Description of Organization:

Founded in 1820, **Indiana University** is a leading public research institution committed to education, discovery, and service. **Indiana University School of Medicine (IUSM)**—the largest medical school in the United States—is a nationally recognized leader in medical education, biomedical research, and clinical care, with a uniquely distributed statewide campus system anchored in downtown Indianapolis, a vibrant urban center known as the “Crossroads of America” and home to world-class sports, culture, and innovation. *Fun fact:* In 2026, Indiana University celebrated a historic milestone when the Hoosiers won their first national football championship, a moment that energized campuses and communities across the state. Together, IU and IUSM advance health and innovation locally and nationally while remaining deeply connected to the communities they serve.

Description of Product or Service:

The **Department of Family Medicine at Indiana University School of Medicine** promotes optimal health for individuals, families, and communities by providing continuing and comprehensive patient care and by delivering excellence in family medicine through innovative medical education and research. Guided by values that are **nurturing, inviting, collaborative, respectful, and excellence-driven**, the department prepares family physicians to deliver relationship-centered, full-spectrum care across the lifespan. In 2024, the department proudly celebrated its 50th year, marking five decades of leadership in academic family medicine. With a vision to serve as a national model for academic family medicine and population health, the department collaborates within and across institutions and actively engages communities to advance the health and well-being of Indiana and beyond.

## University of Pittsburgh Department of Family Medicine

Sarah Ondriezek; [ondriezeksa@upmc.edu](mailto:ondriezeksa@upmc.edu)  
<https://www.familiymedicine.pitt.edu/>  
[Home | Family Medicine](#)

Description of Organization:

Founded in 1787, The University of Pittsburgh is consistently ranked among the top 12 recipients of health research funding among U.S. universities and is a major recipient of research funding from the National Institutes of Health. UPMC, and its flagship hospital, UPMC Presbyterian, is located on the University of Pittsburgh's 132-acre campus, and is a leading healthcare provider in the U.S.

Pittsburgh is on the forefront of biomedical research, computing technology, finance and business, and is a hub of historical, cultural, recreational and professional sports activities. The region is both nationally and internationally known for its pioneering role in medical research and technology. Pittsburgh was recently named 'America's Most Livable City' by Forbes and The Economist, due to its lively cultural district, numerous museums, exciting restaurants, vast parks and outdoor activities, and low cost of living.

Description of Product or Service:

The Department of Family Medicine at the University of Pittsburgh School of Medicine educates, develops, and mentors physicians to deliver exemplary, personalized healthcare while advancing scientific knowledge to promote clinical excellence and health equity. As a regional, national, and international leader in innovation, the department improves health outcomes through three foundational pillars: education, research, and whole-person patient care.

We provide comprehensive education for medical students, residents, fellows, faculty, and practicing physicians, emphasizing evidence-based, patient-centered care across the lifespan and within communities. Our programs develop leaders in clinical care, academic medicine, research, and patient advocacy.

Our research is grounded in primary care and community-based clinical epidemiology, with a strong focus on reducing health inequities. Research priorities include infectious disease epidemiology, vaccine effectiveness and policy, primary care-based precision medicine aligned with national initiatives, and scholarship in clinical and translational research, implementation science, and quality improvement.

We serve diverse communities through comprehensive, continuous patient care at all life stages, advancing holistic well-being. Through advocacy and innovation, we promote community health and equity led by responsive, forward-thinking clinicians.

## Vital Capital

Austin Saffer; [austin@safferfinancialgroup.com](mailto:austin@safferfinancialgroup.com)  
<https://www.safferfinancialgroup.com/medical-professionals>

Description of Organization:

Vital Capital is a modern wealth and financial-planning firm built specifically for medical professionals who want clarity and confidence with money as their careers take off. Backed by 40 years of The Saffer Financial Group's experience, we help clients manage cash flow, protect their income, and build long-term wealth. Our mission is simple: give the people who take care of everyone else true peace of mind about their financial lives.

Description of Product or Service:

Vital Capital delivers a structured financial wellness curriculum to residency and fellowship programs, providing ongoing education around the real financial decisions trainees face from contracts and benefits to debt, budgeting, and long-term wealth building. Unlike one off lunch talks, we partner with programs throughout the year to give residents practical, unbiased guidance that grows with their careers. The goal is simple: reduce financial stress and give future physicians confidence about their money as they step into high-income roles.

**EMORY**  
**Mayo Clinic in Florida**  
**Medical College of Georgia**  
**University of Florida**  
**University of Alabama at Birmingham**

## Chair, Department of Family and Community Medicine

Western Michigan University Homer Stryker M.D. School of Medicine was established in 2012 upon a robust foundation of collaboration between Western Michigan University and Kalamazoo's two teaching health systems – Beacon Kalamazoo and Bronson Healthcare, which includes Bronson Children's Hospital.

At Western Michigan University Homer Stryker M.D. School of Medicine (WMed), the Department Chair provides academic leadership for the discipline. The Chair of the Department of Family and Community Medicine reports directly to the Dean, President, and CEO of WMed. The successful candidate is a board-certified MD or DO with nationally recognized achievement and visibility in clinical, educational, and research pursuits, that merit appointment at the rank of professor with at least eight years of clinical experience who is licensed or eligible for licensure in the state of Michigan.

Join our team! Features of the WMed Department of Family and Community Medicine include:

- Two unique family medicine residency training programs
- Kalamazoo Family Medicine residency
  - Osteopathic Recognition track
  - Continuity obstetrics
  - POCUS curriculum
- Battle Creek Family Medicine residency
  - Lifestyle medicine focus
  - Located within an FQHC
  - POCUS curriculum
- Fellowships in Sports Medicine and Hospice and Palliative Care
- Active teamwork and outreach in providing care to underserved and unhoused members of our community
- Regular access to an amazing simulation center for training of students and residents in procedures and advanced life support techniques
- Opportunity for the Department Chair to role model teaching, research, service and clinical practice

Western Michigan University Homer Stryker M.D. School of Medicine has retained Caldwell Partners, a national executive search firm, to assist with this search. Apply here: <https://caldwell.thriveapp.ly/job/1264>. Please send confidential nominations to [WMedChairFamilyMedicine@caldwell.com](mailto:WMedChairFamilyMedicine@caldwell.com).

**TOGETHER WE  
SUCCEED**

**HOWARD**  
UNIVERSITY

A national search is underway for:

# **Chair of the Department of Community & Family Medicine**

Inquiries during the ADFM 2026 Annual Conference are welcomed by Dr. Mark Johnson in person or via e-mail at [mark.johnson@howard.edu](mailto:mark.johnson@howard.edu). Our partners, Lewis Ryan Executive Search, welcome applications at [josh@LRsearch.com](mailto:josh@LRsearch.com).

# University of Rochester Medical Center

University of Rochester Department of Family Medicine

**Faculty Appointment/Competitive Salary/ Generous UR Benefits**

**Highland Hospital/University of Rochester Department of Family Medicine**

## **Faculty Development Fellow**

The University of Rochester Department of Family Medicine is now accepting applications for its two-year Instructor position in the Faculty Development Fellowship Track. We have over 20 years of experience in successfully training family medicine fellows for academic careers. Many of our fellowship graduates have become leaders in family systems teaching and academic family medicine.

Within this two-year faculty appointment in the fellowship, fellows may design special study and research tracks in health services research, medical education, or marriage and family therapy. The fellowship is built on a planned curriculum of educational and evaluation activities in the domains of research, education, and leadership/career development. We also provide rich experiences in career planning and management, leadership, teaching and curriculum development -- skills essential for academic success.

### **Curriculum Highlights**

Our fellowship includes training in the key domains of research, population health, and leadership/career development, with a focus on health equity. Many fellows pursue advanced degrees, including a Master of Public Health, Master of Science in Clinical Investigation, or a Master of Science in Health Professionals Education.

A weekly seminar series offered in partnership with the Pediatrics Department provides instruction on research, health disparities, leadership, education, career development and scientific writing, and gives fellows opportunities to present their developing ideas and project results.

### **Clinical Experiences**

Fellows function as primary attending physicians for their outpatient panel. Fellows may opt to continue inpatient care as the teaching attending on the Family Medicine inpatient team, with mentoring from a more senior faculty member. Qualified fellows may include full-spectrum maternity care in their training. The total amount of clinical time for fellows averages 40%.

### **Training Environment**

The Department of Family Medicine and the URMC are ideally suited to provide a home for this fellowship program. Our long history of general and primary care training, our extensive local and national expertise, and the breadth of our faculty ensure that each fellow will receive rigorous training. Our fellowship is supported by a training grant jointly with general pediatrics and family medicine, as well as clinical revenues from the Department of Family Medicine.

The University of Rochester Department of Family Medicine (URMC) is a private, coeducational, nonsectarian, and nonprofit university. It forms the centerpiece of the University of Rochester's health research, teaching and patient care missions. We have a varied population of students, faculty, and staff, all committed to the University's motto of "Meliora" – Ever Better.

Interested individuals should apply on-line to Job Posting 128086 at <http://apply.interfolio.com/136168>

University of Rochester Department of Family Medicine  
Seeking Physician to join our Family Medicine Faculty Group

## Faculty Appointment/Competitive Salary/ Generous UR Benefits

### Highland Hospital/University of Rochester Department of Family Medicine

#### **Family Physician Faculty**

The Department of Family Medicine is seeking a Family Medicine Physician for a full-time clinician teacher faculty position to practice and teach at the Highland Family Medicine practice, a large diverse practice set in the city of Rochester, not far from Highland Hospital of Rochester. Faculty provide didactic teaching and clinical supervision of family medicine residents and fellows, medical students and other trainees in outpatient and inpatient settings. The Department has a long tradition of robust mentorship and ample faculty development opportunities. Faculty duties may at times include any combination of the following: Patient care, teaching, scholarship, administrative duties, community outreach, and University-related public service. The exact distribution of these responsibilities will vary from time to time according to university, department and division needs, your interests, and your career trajectory. All faculty are expected to be productive members of the University community, whether productivity is measured by patient care, active research, teaching, and/or administrative service.

#### **Qualifications:**

- M.D./ D.O. Degree or equivalent
- Eligible for a New York State Medical License
- Experience in an outpatient setting is required
- Must meet all credentialing requirements
- Post offer Drug Screen and Health Assessment required
- Compliance with University and New York State health
